Energy Star Rebates Available Now!!

Dear Client,

I hope you have been having a great summer and that you have a great and safe holiday weekend...I have some exciting news that I have been eagerly waiting to pass on and I am thrilled to announce that rebates are now available for Energy Star rated equipment here in Illinois!!! Many states have been reaping the benefits of receiving rebates on their new Energy Star kitchen equipment and appliances and now business owners and restauranteur will have the opportunity to receive rebates for doing their part to reduce their carbon footprint as well.

There are two programs currently running - electrical and natural gas. The natural gas program runs until September 30, 2010 and the electrical program runs until May of 2011!!! These programs do require applications to be filled out and are subject to availability. These programs do not cover all Energy Star equipment and appliances but does cover a fair amount of options.

Rebates are available only for replacement of existing equipment in a commercial kitchen and rebates are generally paid on a per unit installed basis.

Unfortunately getting your rebate is not as easy as purchasing an Energy Star rated appliance...There is a process and first you would want to:

- check equipment eligibility
- submit pre approval application
- install your equipment
- submit final application
- and then ultimately receive your incentive payment

For example some of the rebates that are available for

Gas units include:

Low Flow Pre-Rinse Sprayer-\$25

Steamer-\$750

Convection Oven-\$500

Small Conveyer Oven with conveyer width ≤ 25 "- \$500/deck

Large Conveyer Oven with >25 "-\$750/deck

Fryer-\$500

Electric units include:

Steamer-\$375 per cooker

Combi Oven-\$1000 per oven

Hot Food Holding Cabinet-\$250 per cabinet

Demand Control Ventilation Kitchen Exhaust Hoods-\$300 per exhaust fan hp

Automatic Door Closers for Walk-In Freezers-\$150 per door

Automatic Door Closers for Walk-In Coolers-\$75 per door

Solid Door Reach in Freezer-\$100

Glass Door Reach in Freezer-\$400

Ice Maker-Efficient Air Cooled-\$150-\$350 per ice maker

On behalf of everyone here at [A.D.E. Restaurant Services, Inc.](#) we thank you for doing your part to reduce your carbon footprint...If you have any questions in regards to the new rebate programs that are out there or if you want to check eligibility on potential equipment investments please feel free to give me a call or shoot me an email...

Respectfully,
